There is no proof the bringers of death seem to leave  
their sins behind  
Cause their deeds were not observed will be left as  
unpunished crimes

They got nothing to lose and nothing to win - dead  
within their lives  
Who cares about truth - who cares about sin - who is a  
killer at large

Look into their eyes

No use for prayers and forgiveness hearts have turned  
to stone  
They don't care, they are aware that they are all alone

This is the age where killers run free denying their own  
past  
Washing their hands but the dirt beneath will forever  
last

Look into their eyes

Their eyes can't hide the truth...even if they rearrange  
the past  
Historical facts - modified no consciousness of  
wrong and right  
Memory, history was manipulated horror was changed  
Into fairy tales to keep alive

A prophecy we have in store for those about spoken of  
We can see the closing door to eternity and peace

Time preceding life is fleeing towards the bitter end  
Then they will ask - was it worth all this never again

Look into their eyes

Their eyes can't hide the truth...even if they rearrange  
the past  
Rearrange the past  
Rearrange the past

Rearrange the past
