I've been down this road before  
Bars on the windows, and locks on the doors.  
My eyes are glassed, you can right through the past  
It would hide, here's to me.  
Another time maybe, another place  
But I'm still holding on to set we faith.  
This time, to be last time gone  
The past just seems to fade,  
I'm at home.  
Everything that's been laid on the line  
The pictures tell the story  
Of that beautiful life.  
Bet you know  
Hard times has come and gone.

In the sound of silence it seems all out  
In the pain of empty it hurts so bad.  
The sun hides behind  
Underneath the darken skies  
This is the way we live our lives.  
Another time maybe, another place  
But I'm still holding on to set we faith.  
This time, to be last time gone  
The past just seems to fade,  
I'm at home.  
Everything that's been laid on the line  
The pictures tell the story  
Of that beautiful life.  
Bet you know  
Hard times has come and gone.

Hide everything, this is the end  
I can't won't come  
I'm losing control  
You're throw it away, now  
Can't you see this is the way life should be.  
This time could be the last time know  
Past just seems to fade  
I'm at home.  
Everything that's been laid on the line  
The pictures tell the story  
Of the life we left behind.

This time could be the last time know  
Past just seems to fade  
I'm at home.  
Everything that's been laid on the line  
The pictures tell the story  
Of this beautiful life  
Bet you know, God I know  
It's come and gone.  
Hard times has come and gone.
