Still life fades into the place where the deputy is host
How the walls are coming down,
Do we really know the cost!
Faces people find their place
Where they rise and where they fall.
Do you know how life turned
The story has begun.
Will you watch me as I pray away the night?
Is a chance to last goodbye?
We have to road some far from this place
To find a way back home
Is a chance to last goodbye?
No last goodbye.

Cause where we tear all the reasons
On shelve there is no place
Happiness above their sleeping
There no spell, there's no taste
Everything we thought was wrong
It turn better in the end.
You know how life turned
We swear we saw it there
Will you watch me as I pray away the night
Is a chance to last goodbye?
We have to road some far from this place
To find a way back home
Is a chance to last goodbye?
No last goodbye.

Do you know how life turned
The story has begun.
Will you watch me as I pray away the night?
Is a chance to last goodbye?
Will you watch me as I pray away the night?
Is a chance to last goodbye?
We have to road some far from this place
To find a way back home
Is a chance to last goodbye?
No last goodbye.

Oh oh oh oh
No last goodbye

Oh oh oh oh ay
No last goodbye
You don't have to run, oh
You don't have to run
Far away that turn
There's a chance to last goodbye
This is your last goodbye.
