War on the inside
War on the inside

I can see you're distant,
It's dark
And there is no one around this time
Lost in all of this and
I'm all along the wire,
This is where it collides

Chorus:
All these voices calling my name
Keep reminding me of all of this pain
Cause I am stuck here out on this ledge
Can you save me tonight
From the war on the inside

The silence that kills, it deafens
I can see your eyes every time that you lie
And I can see your eyes, run into the sunset
Every time you want to forget

Chorus:
All these voices calling my name
Keep reminding me of all of this pain
Cause I am stuck here out on this ledge
Can you save me tonight
From the war on the inside

Reaching hands are all that's missed
Every time it ends like this
Tell me what to do or say
This is how it ends today

[2 x Chorus:]

All of these voices calling my name
(War on the inside)
Keep reminding me of all of this pain
(War on the inside)
Cause I am stuck here out on this ledge
Can you save me tonight

From the war on the inside
