Iâ€™m sitting on the window-sill
As I did for all those years
Watching a drunken fellow
Drowning in high-proofed tears
Heâ€™s moaning for all these days
That he had spend completely pissed
And takes another master-gulp
To forget the moments that he had missed

Do you remember last New Years Eve
31st of December when you promised us to leave
Your selfmade sorrow and your personal pain
For a better tomorrow with no one else to blame

But nothing changes - nothing changes at all
No nothing changes - nothing changes at all

Iâ€™m watching the TV News
As I do from time to time
High coloured bloostain blues
Far away from Old Lang Syne
Itâ€™s still about this powerdreams
Itâ€™s all about money, bugs, change and cash
Mostly the same old stupid stories
Mostly the same old trash

Canâ€™t you remember this mi-l-len-i-um
Canâ€™t You remember the songs we had sung
Bout Illusions and visions and to absent friends
For much better decisions and vacations in sense

But nothing changes - nothing changes at all
No nothing changes - nothing changes at all

Iâ€™m kissing your lips
As I always love to do
Cause in all this riot
All I want is you

I hope things will never change
Never change
Never change

I hope that nothing changes - nothing changes at all
No I hope that nothing changes - nothing changes at all
