Lost communication,
Wasting all my energy
Am I the only one that calls?

In a park, in the summer
And I start again,
Need to wake up.

Feeling like an animal,
Lost in words, a mark
In the Mardi Gras,
In the parlor,

These are my times,
All I do is waste them -
I'm lost in the wilderness,
No way out,
No way out,
Lost communication

Wasting all my energy, am I the only one that calls?
In a park, in the summer
And I start again, above the burning homes,
Lost in a world on fire,
Touching the heart and bone,

Only the park,
In the bonfire,
No way out,
I'm that boy,
No way out,
I'm that boy,
No way out.

Lost communication,
Wasting all my energy,
Am I the only one that calls?(In a park, in the summer
And I start again
Need to wake up.

Feeling like an animal,
Lost in words, a mark

In the Mardi Gras,
In the parlor,

These are my times.
All I do is waste them,
I'm lost in the wilderness,
No way out,
No way out,
Lost communication

Wasting all my energy am I the only one to call,
In a park, in the summer
And I start again
Above the burning homes,
Lost in a world on fire,

Touching the heart and bone,

Pull me apart in the bonfire,

No way out,
I'm that boy,
No way out,
I'm that boy.
No way out.

I only want to make you more,
I only want to make you more.
Above the burning homes,
Lost in a world on fire,

Touching the heart and bone,
Pull me apart in the bonfire,

No way out,
I'm that boy,
No way out,
I'm that boy.
No way out.
