I want those who get to know me
To become admirers or my enemies...
Take it up or leave it
I'm not gonna change a bit
If it means heartache
Then leave it out for your sake
I tried and try tried
To take care of my insides
Nobody's perfect
So leave me if you object
I want those who get to know me
To become admirers or my enemies
I want those who get to know me
To become admirers...
When you're a pirouetting, highkicking
Thighslapping cruiser
When you're a hipgrinding, spellbinding
Clean cut seducer
You have to be careful so people take note
I take it serious, but I still like a joke
I want those who get to know me
To become my admirers or my enemies...
Take it up or leave it
I'm not gonna change a bit
If it means heartache
Then leave it out for your sake
I tried and try tried
But still you say that I lied
Nobody's perfect
So leave me if you object
Take it up or leave it
I'm not gonna change a bit
If it means heartache
Then leave it out for your sake
I tried and try tried
To take care of my insides
Nobody's perfect
So leave me if you object
