I'm so confused that I can't see
Circumstances say how it should be
This party is so overrated
Let's go into town and get wasted
I know that I've got to kick back
But I know that you'll just sit back
Yeah, you know it's true
This city's a tomb

And I make it clear
But you won't let go
And your words rip back
When I tell you 'no! '

And I make it clear
But you won't let go
And your words rip back
When I tell you 'no! '

Never gonna go, never gonna go back home
In this city here all night, alone

I'm sort of lacking certainty
Situations tease the drunk out of me
Darling, you're so underrated
Let's go back to yours and get wasted
I know that I've got to kick back
But I know that you'll just sit back
Yeah, you know it's true
This city's a tomb

And I make it clear
But you won't let go
And your words rip back
When I tell you 'no! '

And I make it clear
But you won't let go
And your words rip back
When I tell you 'no! '

Never gonna go, never gonna go back home

In this city here all night, alone

Never gonna go, never gonna go back home

In this city here all night, alone

Yeah, all night, alone
