Uuuuuh uuuuuh

Voice on loop, give your mouth a rest,
Plug your face into that cigarette
Pick up the pieces no one really cares anymore
They don't care what you thought

Oh, just because I'm on your side
It doesn't mean you're right
Oh, just because I'm on your side now, Cliffer

Uuuuuh uuuuuh

Useless words gush through my palms
The wave of your voice crashing through my arms
Just rake up the reasons anekatips.com
No one really cares anymore
They don't care what you thought

Oh, just because I'm on your side,
It doesn't mean you're right.
Oh, just because I'm on your side now, cliffer

We fall in, we fall in line.
We take our, we take our time
(Repeat)

Oh, just because I'm on your side,
It doesn't mean you're right
(I know inside out,...)
Oh, just because I'm on your side now, cliffer
(Repeat)

Uuuuuh uuuuuuh
