I love the way You love like no other
It's got nothing to do
With anything that I do

Time and time again
You forgive me
So this time I chose
To stay here with You

Hold me, pull me just a little bit closer
I don't wanna lose this moment
Your love has covered me
And now I can't get over You

I can't get over You
I can't get over You
I just can't get over You

Here in the arms of my Father
Only grace can be found
So I lay my fears down

Nothing is the same anymore
You have changed me from the inside out
Now my heart is beating and it's singing
Won't You

Hold me, pull me just a little bit closer
I don't wanna lose this moment
Your love has covered me
And now I can't get over You

I can't get over You
I can't get over You
I just can't get over You

I can't get over the way
Your love stays the same, oh Lord
I can't get over the way
Your love stays the same

Even through the good and the bad times

You stay the same
So my song will remain
Lord

Hold me, pull me just a little bit closer
I don't wanna lose this moment
Your love has covered me
And now I can't get over You

I can't get over You
I can't get over You
I just can't get over You

I can't get over You
I can't get over You
There is nothing I can do
I just can't get over You
Can't get over You
Can't get over You
