Been losing sleep around you  
Don't know just how I found you  
We swam in San Sebastian  
Broken necks and halo traction  
We swam in San Sebastian...

Hearing something not right in your tone  
Got a feeling that you're not quite on your own  
I swim in San Diego  
Tie these bricks to my legs and let go  
Tie these bricks to my legs and let go...

[CHORUS]

Been losing sleep around you  
Don't know just how I found you  
Been losing sleep around you  
Don't know just how I found you  
Please. Don't. Leave. [x2]  
I swim in San Diego  
Tie these bricks to my legs and let go!

So I'll go through this again  
Hear you say that we're just friends  
I'll drown in a thousand lakes  
If it means that you'll miss me

[CHORUS (repeat ending)]
