Deathly hatred of life  
Life with a hatred of death  
Ritualistic slaughter of good  
Unrelenting torture

### BRIDGE

Condemnation, a raging fire  
Eternal damnation of the soul  
Effected by a carnal existence

### REFRAIN

Hideous laughter, mockery of faith  
Demonic powers, spell of hate  
Judgement to come, imminent danger  
Life without God, perpetual stranger

Building on the evil  
Established by the sin  
Constant infernal practise  
Misery sets in

You suffer a spiritual blind deception  
But God awaits a response  
To the sacrificial death  
Of the Lamb of God

### BRIDGE

God's redemption rescinds the fire  
Eternal salvation of the soul  
Effected by an altered existence
