What happens now the man's not here, and he's not  
coming is he?  
He's never coming, now the white coat's missing  
Now there's two sides to everything, everything except  
you and everybody knows  
You never said I was there, never showed your face,  
always stayed inside

Go (needing, leaving), lies and deception, they build  
your pretension  
Low (terror's waiting), taking for granted, you hide  
heavy handed  
(Not just for me, everyone sees)

Suffering, wasting jealousy  
You scream out your fears, it falls on deaf ears  
Crimson tears from your tainted eyes  
You fall from you feet, alive when you meet with the  
end

(Never made anyone believe in what you thought I'd  
done)  
Trying to lose all your hidden agenda's

(I'll take my place in front of you, leaving you far  
behind)  
Lost in your shadow, you craved for the sorrow  
(Die by my eyes, no more disguise)

Suffering, wasting jealousy, you scream out your fears,  
it falls on deaf ears  
Crimson tears from your tainted eyes  
You fall from you feet, alive when you meet with the

End of you, pray for the darkness born inside of you  
Destroy you, suffering what you deserve to lose

Slit your wrist for one first time, bleed not breathe you  
dirty whore

Suffering, wasting jealousy, scream out your fears, it  
falls on deaf ears

Crimson tears from you tainted eyes  
You fall from you feet, alive when you meet with the  
end
