Doin' it

PRE CHORUS x 2

Every body look at Hollywood  
doin' it,doin it doin' it good

Verse

lookin' at the world in space  
temptations are gettin close  
nobody knows what tomorrow may be  
you may be Hunted or  
killed on street

even the soldier goes to fight  
and never know he may come back  
Kyps tyme explosion may take your life a way  
you leave your family in space  
as the final frames of my casket flashed  
she stood up.  
not waitin' for the Credits,the brown grave seat  
bottomed girl!  
Cracked and faded from the Devils grace

That

Every body look at Hollywood  
doin' it,doin' it,doin' it good  
every body look at Hollywood  
doin' it,do do,do it-good

and  
Hollywood is where we go

Still the sky is still girl Dirty dotty-girl  
on top of Mountain carrying  
(our freedom flag)  
Thus looking at the world in Motion..  
you never know where it will be

but  
freedom seems closer now and  
Hatred in Legion is seems to be  
peace in Dafur is what we cry  
Liberty and freedom is what we need

Every body look at Hollywood  
doin' it,doin' it,doin' it good  
every body look at Hollywood  
doin' it,do do,do it-good

Doin' it,do do do it good  
doin' it-doin' it good
