Iâ've seen you all along
Iâ've seen you all along
The place they call it home
Come on down beneath the violent sky
Come on down beneath the violent sky
Come on down beneath the violent sky
Come on down beneath the violent sky

These skies were happy kids
Ooh
These skies were happy kids
The music going loud, ooh
The music going loud, ooh
To move in under the cloud of screaming
To move in under the cloud of screaming
To move in under the cloud of screaming
To move in under the cloud of screaming
To move in under the cloud of screaming
To move in under the cloud of screaming
Oooh ooohh
