Demigod just world wide, but I'm straight out of
Connecticut
Flow's futuristic like it's made out of synthetic shit
Used to date this girl now I'm breaking up in...
Had to ditch that bitch to make out with a better chick
You don't know about hell unless you walk through it
Can't recognize the devil's face unless you talk to it
And I'm very weel acquainted my soul is tainted
Got that van Gogh flow when my paint is painted
Wise be on my years so my age is ancient
Love 30 hip hops that gets made in the basement
Fuck a pretty clean studio, my pops sweep panyhoes
I've been through fucked up times that only my family
knows
I'd love to be political and say no to fascists
But rather be superficial and say no to fat chicks
Disintegrate your favorite rappers to ashes
I'm tryina dress fly to society's casuals
I'm rambling in my parking lot got money in my wallet
Nike watch, water wall, I'm a freaking sneakaholic
And I cut your guts remove your bowels
Ask the principal in the school for scoundrels
Rest of discussion, throw in the towel
You gotta lay... school for scoundrels
Knock out your teeth can't pronounce vowels
Talk to act fousl, school for scoundrels

Put the demigods in your cd player
Look at the cover tell at your man
Yo you see these players
Should have known from the start your whole crew is
fake
I watched your video and thought I saw a blooper take
Don't matter if you a boxer, you should see the way my
ox cut
Put you in a box, rock in the tux and close the top up
This show ain't over till the guitar smashed
Vision cloudy blow a smoke from cigar blast
I'm a bizarre chap, don't see all this rap
My reality show will make you retards clap
So get back, I'm back at it
The best form of flattery is steam rolling you faggots

I fucked this fat bitch in the bathtub with musty arm pits
Blew the pussy out the water bitch said I had the bomb
dick
I'm bout polo when I'm flexing anger
At the crib, laughing watching Chuck Norris texas
ranger
I saw the angel of death at kfc
And said order me some wings
What I mean is put me on your team, stop fronting
I put in work when I pop something
Send them to the depths of hell,
With one push of the glock button

Rest of discussion, throw in the towel
You gotta lay... school for scoundrels
Knock out your teeth can't pronounce vowels
Talk to act fouls, school for scoundrels
Take off your coat, take notes
I am teacher to class at the school.
