I can't seem to quit you
But I really need to
We all pay for the lives we lead
Save it for your other
Pseudo sub-par lover
You'll pay for the life you lead

You've got a funny way of cramping my style
You're doing really quick what should be taking a while
You're a bull in the china shop
I'm setting you free
I'm waving red!

I can't seem to quit you
But I really need to
We all pay for the lives we lead
Save it for your other
Pseudo sub-par lover
You'll pay for the lives you lead

Check one! check son!
Tell me where to get some patience
And a full-fledged change...
A change of heart
A change of attitude

You're a cancer stick for puffing on
(I'm putting you out)
You're out for good!

I can't seem to quit you
But I really need to
We all pay for the lives we lead
Save it for your other
Pseudo sub-par lover
You'll pay for the lives you lead

Give me one good reason why you did me wrong...
So wrong...
