I hope you're happy to see  
Just what you wanted to see  
In situ burning like you're only  
Headless on a chopper, pourquoi?  
I said, hey, you wanna cry?  
I said, hey, you wanna die?  
I said hey, I said hey,  
I say hey, I say hey, I say

Hello, hello again  
It's good to know it didn't end completely  
Gunfire and happy days,  
Funny how they get along so neatly.

Pre:  
Dying to be the one who ain't dying  
You give me confidence,  
But I ask myself:

Chorus:  
Do I need this

At the start of every day  
When our heads are all in pieces?  
There must be another way  
When the fun has come and gone.

Out of my face again  
Wondering why everybody's leaving it seemed alright  
to me  
But seeing is no longer believing,  
Oh no no.

Pre, chorus.

Depict the picture as you feel it.

So, you live on promises,  
Well, they don't turn up for too many people.  
And shit that we can't take,  
Just tell us it's a necessary evil.

Pre, chorus, etc.
