Josie,  
Dancing's right for your heart.  
Aby you shape those moves from your thoughts.  
Your prize in turning,  
Goes hand in hand.  
That's something that no one can understand.

And if you want to be friends with me,  
You know, I've seen the slides.  
And I want to see your amalgamation.  
Under these lights,  
You're locked in time.  
You know, there's no stage fright.  
And I can't believe how your agile bending is.

Josie,  
Dancing's right for your heart.  
Aby you shape those moves from your thoughts.  
Your prize in turning,  
Goes hand in hand.  
That's something that no one can understand.

Josie,  
Dancing's right for your heart.  
Aby you shape those moves from your thoughts.  
Your prize in turning,  
Goes hand in hand.  
That's something that no one can understand.

But if you want to be friends with me,  
You know, I've seen the slides.  
And I want to see your amalgamation.  
Under these lights,  
You're locked in time.  
You know, there's no stage fright.  
And I can't believe how your agile bending is.  
Your prize in turning,  
Goes hand in hand.  
That's something that no one can understand.
