### "Supersonic Sound"

Did you know that you make the most supersonic sound  
In the heart every time you turn around  
That I can't shut you down?

Did you know that you've been lead to believe in  
That this happened unless you shouldn't be feeling?  
I hate this love

Did you run because you thought you didn't deserve it?  
But you know deep inside that you'd earned it, oh!

Did you know that you make the most supersonic sound  
In the heart every time you turn around  
That I can't shut you down?

We're both alone tonight  
We're both alone tonight

Is that what you wanted?  
Is that what you wanted?  
Did you choose to choose?  
Is that what you wanted?

We're both alone tonight  
We're both alone tonight

Is that what you wanted?  
Is that what you wanted?  
Did you choose to choose?  
Is that what you wanted?

Is that what you wanted?  
Is that what you wanted?  
Did you choose to choose?  
Is that what you wanted?

Did you know that you make the most supersonic sound  
In the heart every time you turn around  
That I can't shut you down?
