Baby you linger
I'm bow around your little finger
I've gone and lost my way

Lead me to water
Long lost daughter
Since you can't
I will wash away with the tide

(Chorus)

Baby I fall apart
Youve gone and broke my heart
Everything falls away
I am breathless
At your name

How you move me
Your eyes wound me
Kill me with every word your don't say

Secret lover

Don't leave for another
Stay until night's come and gone
All I have left to remind me is your song

(Chorus)

Baby I fall apart
Youve gone and broke my heart
Everything falls away
I am breathless so breathless
At your name

(Guitar solo)

(Chorus)

Baby I fall apart
Youve gone and broke my heart
Everything falls away
I am breathless so breathless

At your name
