I've been trying to sleep alone
Guided by my sense of right and wrong
The further away you walk, like some shining star
You don't know how long it's been it's been gone

(Chorus)

Separate me from heart
Chained to you right from the start
I watch it sink and slip away
I hope it comes back to me some day

And he walks among the stars
A lonely island in a crowded bar
Will he ever know my name
From his lips it falls but it never sounds the same

(Chorus)

Separate me from heart
Chained to you right from the start
I watch it sink and slip away
I hope it comes back to me some day
