Take this oath from the depth of my heart  
And you will never fall like empires and burned out  
stars

Abandon all your trust to roam free in life  
Before your world is buried in a darkened shrine

I revel in sin. I dance with the dead  
In my dreams I see nothing but red  
Desire and fire, now Babylon lies ahead  
I revel in her pleasures bound for me to take  
Her interior are poison but beyond anything else

I have nothing left for them to breach  
I have become a fortress, imperial not godless  
The world is at my feet  
Monolithic are my tyranny

In the absence of my saviour  
In failure they cannot see  
Sanctity of allegiance in me

In the absence of saviour  
They revel in their own failure  
O& how they fail to see  
Sanctity of allegiance in me

I have nothing left for them to breach  
I have become a fortress, imperial not godless

I revel in sin. I dance with dead  
In my dreams I see nothing but red  
Desire and fire, now Babylon lies ahead

I have nothing left for them to breach  
I have become a fortress, imperial not godless

In the absence of my saviour  
In failure they cannot see  
Sanctity of allegiance in me

In the absence of saviour  
They revel in their own failure

O& how they fail to see  
Sanctity of allegiance in me
