Look on torn in my eyes  
And die for my pleasure  
Don't try deal with the god  
You felt in to the devil  
Lucifer gave me the key of the hell's gate  
Welcome in your freaky wonderland

Our calm is away  
Something has changed here  
They want for twenty four seven  
You must obey!

I don't hear you voice  
Like this fully dried up creek  
That's my despair  
That's just one of my deal

To die, to sleep that's not enough  
Point of your life is desire  
And that's my vengeance

Vengeance is only result of treachery  
The another hand of forgiveness  
Endless world of sins is calling for cure  
And that's your choice how to behave  
Defeat is only result of weakness  
The another hand of victory  
Depends on you, what will be the right one  
In your mind...

Obey! obey! obey! obey!

I don't allow your selfish plea  
For mercy devour by worms  
You will be in your own grave  
Forgot in devotions will be my vengeance  
For your vicious life wine  
And blood sin and lust

Like a selfish  
Like a blind man  
I had no sense

I didn't see your feelings

Look on torn in my eyes  
And die for my pleasure  
Don't try to deal with god  
You fell in to the devil

You don't allow my my selfish plea  
For mercy to be devoured by worms  
I will be, in my own grave

Clouds with hail of my vengeance  
So low upon your mind,  
Your vicious mind I'll not let  
You rest in peace
