[The archabbot:]
You've come to me
And I see it in your eyes
That you need some help
But you want to hear no more lies

So big pressure on you
What you've been through
No one else could ever do
And now I'm afraid
That you have to face
The darkness, the most evil place
Oh, you should beware
But you don't care
About all my fears

No, I won't hold you back
But watch your steps
It's a long and dangerous path
And the end of this journey
Yes, it could be
The end of your life

I can't imagine
What awaits you there
When you arrive
I know you're strong
But you can't be prepared
For the Evil Eye

You can find your dreams
Over the hills

A godless horde
In a satanic church
They keep that thing
They keep it from any search
Don't ask me for more
I've said it before
I don't know what they use it for

Some call it the Eye
They try to hide
Until the end of time
If you reach their gate
They won't hesitate
They will take your life

I can't imagine
What awaits you there
When you arrive
I know you're strong
But you can't be prepared
For the Evil Eye

I pray to God to bring you back here
Safe and sound
To keep your soul
When you're on the devil's ground
