[The Guardian:]
Time has come for me
To pay my dues
I've made a wrong decision
Now I can make it right

I know his name
Though we've never met before

[Son:]
My journey ends
The gate exists
I saw it for myself
But now I'm caught
In a deep black hole
God! Is there someone to help?

[The Guardian:]
Don't be afraid
I am on your side
I have something
To tell you about the old days

Back in time...
Eighteen years ago...
Dark times...
Mourning and grief
The said he lost his mind
He broke the rules
And used the Gate
To bring your mother back to life

I wonder why
There was no trial
The council's judgement was too fast
They had no doubt that he belonged
To the prison of unmoving past

So many things
I can't explain
I can't read in their minds

But I'm sure that he is not that kind
He'd never commit any crime

No one can imagine that place.
No windows to look out to the world.
The time doesn't exist there.
Caught in a neverending moment,
You are buried alive forever.

I wish I could
Turn time back
I'd try to save him somehow
I just stood there so helplessly
And watched as they took him away
