They pick you up but they throw you right back  
No sign of feeling with a heart so black  
Sticks and stones may hurt me right now  
But that won't make me fall in this trap

So where do you come from  
Do you know that you're not alone?  
And I'm hoping that they'll change  
But this feeling will go away

Cause this is, this is my payback  
Baby I'm on my way  
I've got brains over power yeah, making it harder  
Honey I'm on my way  
Cause now all I wanna say  
This is my payback

So here I stand, take a chance on me  
Can't hide as I rush through my  
So what's the difference between you and me  
Got this new direction, can I set you free

So where do you come from  
Do you know that you're not alone?  
And I'm hoping that they'll change  
But this feeling will go away

Cause this is, this is my payback  
Baby I'm on my way  
I've got brains over power yeah, making it harder  
Honey I'm on my way  
Cause now all I wanna say  
This is my payback

Baby I'm on my way  
So do you see my fall  
I know that I can't go wrong  
Honey I'm on my way  
Cause this is, this is my payback

These writings on the wall don't change  
We're caught in the rhythm

No way breaking from these dreams  
Forgetting the system

Cause this is, this is, this is  
Baby I'm on my way  
I've got brains over power yeah, making it harder  
Honey I'm on my way  
Cause now all I wanna say  
This is my payback

Baby I'm on my way  
So do you see my fall  
I know that I can't go wrong  
Honey I'm on my way  
This is my payback  
Baby I'm on my way, my baby  
This is my payback
