So lay down your weary head  
Try and sleep now  
Calm your shallow little breath  
Be at peace now

Another day calls out for you to make your own  
This one goes where all the other days have flown

So lay down your weary head  
Be at peace now  
Try and sleep now

What does it mean to be loved?  
What does it mean to be...  
Loved?

Cast away your darkest fears  
Be released now

Still the pounding in your heart  
Be at peace now

May your dreams bring joy and wonder through the  
night  
And the morning find you glad to be alive

Cast away your darkest fears  
Be at peace now  
Be released now

What does it mean to be loved?  
What does it mean to be...  
Loved?

Just lay down your weary head  
Be at peace now  
Try and sleep now
