### Verse 1:

Like a blast the speed of light  
You know we need to rise  
With the energy to fight I know  
Cause everyone will say  
That they've seen everything  
But they haven't seen a thing I know... so  
We ride tonight, run over everything in site  
You know the timings right to capitalize before the  
feeling's gone  
No right or wrong, the brains before the brawn  
And the simple things in life I know... so

### Chorus:

Will you hold my hand when the bulls come runnin?  
Will you take a stand when the bulls come runnin  
home?  
Will you hold my hand when the bulls come runnin?  
Will you take a stand and fight when the bulls come  
runnin home?

### Verse 2:

The time is on your side  
Follow me open up your eyes  
Dreams materialize I know  
Cause everyone complains  
At the end of the day be drained  
But they have to rearrange I know know so  
We grab the prize get over the rocky mountainside  
You know the timings right to find your place in life  
before it's gone  
Ride into the sun, the fear be overcome and the reason  
for this life I  
Know... so

### Chorus:

Will you hold my hand when the bulls come runnin  
Will you take a stand when the bulls come runnin home  
Will you hold my hand when the bulls come runnin  
Will you take a stand and fight when the bulls come  
runnin home
