### [Verse 1]

Lost in the thought of being by your side,  
Having your warmth, and the look in your eyes.  
I feel your hands inside of mine.  
Never letting go I will always know you're mine.

### [Chorus]

It's the thoughts in your lips and the words on your  
mind,  
It's enough to explode and destroy all time.  
There's a skip in your step and a beauty that shines,  
Took a leap of faith and even closed your eyes.

### [Verse 2]

To feel your embrace,  
Sends shivers down my spine,  
Being with you even for a little time.  
None can compare to the way you shine.  
It is black and white: the way I feel inside is right.

### [Chorus]

It's the thoughts in your lips and the words on your  
mind,  
It's enough to explode and destroy all time.  
There's a skip in your step and a beauty that shines,  
Took a leap of faith and even closed your eyes.

### [Bridge]

It's impossible to lose my way.  
I'll always love you every day.  
You're so plentiful in every way.  
Yeah...

### [Soft Chorus]

It's the thoughts in your lips and the words on your  
mind,  
It's enough to explode and destroy all time.  
There's a skip in your step and a beauty that shines,  
Took a leap of faith and even closed your eyes.

### [Chorus 2]

I'm so attached to you and your design.

The way you laugh when you talk is so divine.  
I'll follow your words I'll even follow your signs.  
I wanna be with you every day and all night.  
Every day and all night...
