Lay on a feeling,
Your heart will lead you;
What you've been seeking
Awaits inside you.

A new strength will arise from the crevices of broken
eyes,
And if tomorrow's vague, trust in the spirit in your brow.

Every vein in my neck
Pumps furious blood,
Voltage runs along my skull,
Sweat draws a watery blind on my face

My dry mouth burns
I don't feel my hands,
Behind my shadow the unknown whispers my name!

Shock waves piercing into my spine, I close my eyes,
My soul seems to recognize these hidden dreams,
All human drama begins to disappear
Before lucidity strikes.

A weightless mind
Floats pleasantly,
Above my body that's no longer mine I get a taste of
the whole,
I can perceive the essence of our being/

Higher, I feel the planet breathing on my chest,
All creatures flow in a rhythm,
I can die knowing.

In the core
Of my pain
Knowledge grows,
Brighter conscience filling my soul!

Leaving my body behind,
My spirit pictures the splendor of life on this Earth!

My mind is vibrant,

I know this has just begun,
BEGUN!

Light and darkness always have been one.
Light and darkness always have been one.

Ignorant of a destination carved within,
Trust your sight, dark is light as you and I are one,
We're all just one!
