You can take all of your fortune

You can spin it into fame

Pay the devil his dues, you'll never lose

You'll never feel no shame

You can love all of the ladies

Touch every one you can

You can drink your booze with the best of men

You can make a good girl sin

But do you know how to rock (like he do)

Do you know how to rock (like she do)

Do you know how to roll (like we do)

Do you know how to rock, rock, rock, rock

Make your body move do you know how to rock

[CHORUS]

Do you know how to rock

Do you know how to roll

Do you rock and roll like you sold your soul

Make your body move--do you know how to groove

You can set the pace, you can touch the moon

You can blow your mind on a thin white line

Like a rocket into space

Take a drink straight from your bottle

Like a little baby boy--nurse away your problems

Did you get what you asked for

[CHORUS]

Do you know how to groove

Do you know how to move

Do you rock and roll like you sold your soul

Make your body move you

You can dine in with celebrity skin

Cocaine and wine all the time

Go to the bars with the biggest of stars

Guest lists--VIP cards

You like the hype--glitter and lights

You're so down with the scene

Popping your pills, using dirty needles

Sex in a limousine--but do you know how to rock

Do you know how to rock, rock, rock, rock

Make your body move--do you know how to rock

Do you know how to roll

Do you rock and roll like you sold your soul

Make your body move--do you know how to move
Do you know how to groove
Do you rock and roll like you sold your soul
Make your body move--do you know how to rock
Do you know how to roll
Do you rock and roll like you sold your soul
Make your body move
