We strike a blow for justice after  
Years and years of suffering  
At the hands of an organization bent on  
Butchering  
Yet enemies in our midst  
Won't let the matter rest  
Demanding attention as they stir the  
Hornets nest.  
Yes anything goes -- political profiting.

Are you with or against us?  
Whose side are you on  
Don't try to tell me you're a friend  
You're not your mother's son

With friends like you, who needs an enemy  
Gouging from within  
With friends like you - who needs an enemy  
Enemy within

It's people like you undermine a nations security  
Wallowing in a cesspit of false morality  
Perfidious, feeble, weak  
They slap your face and you'll turn  
The other cheek  
Preaching from afar while our best  
Men die for your liberty

Are you with or against us?  
Whose side are you on  
Don't try to tell me you're a friend  
You're not your mother's son

With friends like you, who needs an enemy  
Gouging from within  
With friends like you - who needs an enemy  
Enemy within

All our so called friends seem to criticise  
Blessed in ignorance,  
Atrocities rarely publicised  
We've got to shoot to kill

Retaliate at will  
Fight for freedom and democracy  
But still  
We find our motives questions by the  
Ones on our side

Are you with or against us?  
Whose side are you on  
Don't try to tell me you're a friend  
You're not your mother's son

With friends like you, who needs an enemy  
Gouging from within  
With friends like you - who needs an enemy  
Enemy within
