

Armoured Angel "Myth Of Creation"

Visit "[Myth Of Creation](#)" on MotoLyrics.com

Waiting for the visitation
Embrace thy soul our dominions
The mythoclast of nazarene
The lamentations of humanity

Mortal deification
Calvarys ichor our communion
The arbiter a pharisee
The iconoclasm of galilee

Defy through tribulation
The oracle of god beguiled
Myth of creation

Silence through manipulation
Enslaved black heart for the martyrdom
In baleful eyes our sorrows seen
The darkest insurrection an entity

Ordered by the resurrection
Adverse thy will for the righteous one
Our father hast forsaken me
In the salvation of severity

Leave our souls to sleep
