Someone in my house with my family
It's not under control, they think he is me
Natural process of life!
You're born, you live and you die!
There's no exception,
A rule you must abide!

You! Cloned! The wrong man!
I! Want! My life back!
Crom created man in his own image
And behold, it was very good!
Crom created man on the Sixth Day!

That son of a bitch, he smoked my stogies too
I'm all thumbs today, don't know who is who
Natural process of life!
You're born, you live and you die!
There's no exception,
A rule you must abide!

(Chorus)

Go!

(Chorus)
