I wrote you a sorry letter and I signed it with a heart  
I told you it was better that we stay yards apart  
But we went down the courtyard and we took a picture  
of a spider  
I didn't want to invite her but we can cuz I know that you  
like her  
But we can cuz I know that you like her

Sometimes I sit in my room  
and i wish i had the internet  
So I could find pictures of coke nails  
And I'd tape 'em to the end of your bed  
You might find that intrusive  
And it might offend your taste  
You know I couldn't ever blame her  
And I wouldn't wanna waste paper  
No I wouldn't wanna waste paper

WHEW

You are both educated in art and its related  
I couldn't tell pen from pencil and I'd rather use a  
stencil

I saw you at a party and I grew two monster eyes  
I watched you drink your 40 and hold it tween your  
thighs  
I stood there in the kitchen, I felt my muscles clenching  
Take back my birthday wishin, I wish you knew what you  
were missin  
I wish you knew what you were missin

WHEW

You don't have to say a word just stand there with your  
beard out  
I had to do something truthful and I knew it would be  
painful

You said it wasn't there  
You said it wasn't there

You had your way again  
You said we'd still be friends

Repeat (while)  
What'd you say, what'd you offer  
What'd you say, what'd you offer  
You changed, you offer offer  
I was afraid, of your offer

One day I'll be a doctor and you will build your desert  
home  
I will fill my rooms with cacti and people that I hardly  
know  
All this patience makes me anxious  
Like Im standin' in a funeral line  
I'm always standin'. wavin' goodbye  
I will miss you for the rest of my life  
I will miss you for the rest of my life  
I will miss you for the rest of my life
