I'm so bad  
I was born like that  
I was born like that  
It will make me mad

And who's the fool  
Who let's me in  
And makes me bad again

Life is strange  
Nothin stays the same  
Nothin stays the same  
Everything will change  
And we're all ugly  
Yeah we're all fools  
We will die that way

Memories will pull ya back what can you do with regret  
like that  
with regret like that  
you can't relive what's in your past what can you do to  
make it last  
to make it last

Well I'll be sad  
I'll get a broken heart  
I'll get a broken heart  
But it won't stay like that

We'll seek out how those broken hearts  
they repair themselves

Never went outside  
Until I met someone  
I fell in love with someone  
Who made me change my mind  
He lets me in  
He makes me feel  
Like I was born again

And isn't that what's life's about find somethin that you  
care about  
You stick around  
Stay in town another year what can you do to keep him  
here  
To keep him here

Feel the surge of passing time what can you do before  
you die  
Before you die  
And everyone who's holding back what can you do with  
a love like that  
A love like that

What can you do  
What can you do  
A love like that  
A love like that  
What can you do  
What can you do  
A love like that  
A love like that
