Do you love me, do you need me, do you want me  
when I'm not there  
Do you miss me, are you ever thinking of me, do you  
want me when I'm not there

I open the door and I see your face drop, you think so  
much and love so little  
It's just like before, maybe I've seen your love stop, one  
too many times

Do you love me, do you need me, do you want me  
when I'm not there  
Do you miss me, are you ever thinking of me, do you  
want me when I'm not there

S'always something new, can't you just forgive me  
Laugh at my flaws and find me charming, we don't  
need to talk, just shut up and kiss me

Do you love me, do you need me, do you want me  
when I'm not there  
Do you miss me, are you ever thinking of me, do you  
want me when I'm not there

Do you love me, do you need me, do you miss me

I spent my whole life thinking of you, never mind what I  
intended to do, waited my whole life just for you  
Now I don't know where to find you, the distance  
between us hides you
