I love rock and roll - so put another dime in the juke
box, baby
I love rock and roll - so come on take your time and
dance with me

I saw her dancin' there by the record machine
I knew she must have been about seventeen - mh
The beat was goin' strong, playin' my favourite song
And I could tell it wouldn't be long till she was with me,
yeah me
And I could tell it wouldn't be long till she was with me,
yeah me - singin'

I love rock and roll - so put another dime in the juke
box, baby
I love rock and roll - so come on take your time and
dance with me

She smiled so I got up and asked for her name
That don't matter, she said, it was all the same
I said, can I take you home where we can be alone
Next we were movin' on and she was with me, yeah me
Next we were movin' on and she was with me, yeah me
- singin'

I love rock and roll - so put another dime in the juke
box, baby

Said, can I take you home where we can be alone
And I could tell it wouldn't be long till she was with me,
yeah me
And she'll be movin' on and singin' that same old song
Yeah with me - she'll be singin'

I love rock and roll - so put another dime in the juke
box, baby
