Everywhere I go  
you're always on my mind  
And I want you to know  
that I want to have you near me  
have you near me  
And no one knows  
and they would never understand  
how this feeling grows  
though you're not holding my hand  
but once you held my hand

I may be a fool to believe  
that you would ever care for me  
but I am obviously in love with you Can't you see?  
Can't you see?

The night we met  
you gave me a sweet kiss  
How was I to know  
that it would make me feel like this  
Don't want to feel like this

Seems I haven't touched  
another man since then  
and I only wish  
that you would kiss me once again  
oh won't you kiss me just once again?

Thought I never was  
to fall in love again  
cause that feeling  
doesn't come to me  
very easily
