Hail to the man with the righteous groove
So sick that it makes you move
Closer to the speaker, never weaker
Lines on time and I rhyme Malika

Lot of knowledge on the microphone when I speak
Rabbit MC's I love to eat
Shockin' with the rhyme, gettin' sicker with time
I'm comin' way too real and I'm blowin' your mind

I'm tearin' shit up, I won't let up, you need to get up
And out and on the floor, 'cause I'm fed up
With rhymes and words that's weak that's wack, absurd
Pollutin' the airwaves, too often heard

I come through with the rhymes, so true blue with the
rhymes
I eat you with the rhymes and on and on and in time
I'm movin' with the smooth the groove that some
consider dangerous
And you're playin' this, I ain't new to this

Yeah, it's a Scarface Groove

Paris is the name and I'm here to get sick
I mean I'm stronger than a tiger and I'm down with the
click
While makin' sure my song is deffer with an 808 kick
And now you know it, I'm a poet and I'm harder than a
brick

I makin' over 3 G's a day and you say
That Mad's cuttin' like a blade over sucker DJ
Start shinin' all the time that I'ma standin' on stage
It's a Scarface mob and we're sicker than aids

What I wrote, is no joke, there's no hope
It's too dope, you're gettin, broke by a cutthroat
While bein' killed is the price you're billed
There's no time to rhyme and no time to build

Steadily the melody plays and steadily bass

Is in the place, is in your face, with grace
Sensation and finishin' the suckers with my sentencin'
You get excited as the rhyme begins, you're goin'

Smooth with the Scarface Groove
This the Scarface Groove, y'all
It's the Scarface Groove

Startin' to sweat, I know it's hard to breathe
Rhymes are on time so you better believe
The style, sick of the style, 'cause the style is wild
I couldn't never be mild

And now I'll begin to advance in a b-boy stance
The underground sound makes you clap your hands
It's the B-A-Y, do or die
Born to freestyle, born to rise

And now I'll keep on rockin' the beat on
No one comin' up short capiche on the mic
You're scared, runnin' from the man you fear
P-Dog is sick boy, you better beware

The man X-Rated, rated X the man
Is comin' through with the jams that keep you clappin'
your hands
While I'm movin' nonstop and the party is smooth
One hundred below ice cold, it's a Scarface Groove

Yeah, it's a Scarface Groove
It's a Scarface Groove, y'all
Y'knahmsayin'? It's a Scarface Groove
I'll play the 9 and you play the target

Debutin' I'll do it for sure by comin' through
And never stoppin' hip-hop, I just drop, MC's are ruined
Now I'm teachin' when I'm talkin' so that you'll get
taught
Makin' sense so intense is the record you bought

I'm stronger, strokin' 'em longer
Stickin' them, dope MC's go under
Keepin' 'em down with the Scarface sound
Swimmin' 9 millimeter laps, MC's'll drown

Keep talkin' that bullshit, you might get housed
Smacked in your mouth, P's turnin' it out
Money stackin' and mackin' is what I'm talkin' about
I'm never playin' or bullshittin'

The rhyme'll go colder than ice, but get hotter than

coals

Big soul on a roll and only twenty years old
Keep it goin' non-stop and the party is sore
And I'm movin', smooth again, Scarface is on

Yeah, Scarface is on
Scarface is on
Yeah, Scarface is on
