Is it what you think of me?
Or more the conversation lost some time last week?
Is it how I make you see the lies you for told?
With a lack of control
I'm trying not to think for the best of me
I'm trying not to sink into your demise
I'll just ignore the signs, let the gesture be
I'm trying to avoid your (aching eyes)
Take your time, show us mercy honey, make your kill
Shock me, show me and become my thrill
Cause I know, you'll take your time to hurt me.
Take your time, show us mercy honey, make your kill
Shock me, show me and become my thrill
Cause I know, you'll take your time to hurt me.
Are visions of time deceived?
A lack of your own temper draining within,
Drag me down, suck me up to be,
Joined by a life with a different disguise.
I'm trying not to think for the best of me
I'm trying not to sink into your demise
I'll just ignore the signs, let the gesture be
I'm trying to avoid your (aching eyes)
Take your time, show us mercy honey, make your kill
Shock me, show me and become my thrill
Cause I know, you'll take your time to hurt me.
Take your time, show us mercy honey, make your kill
Shock me, show me and become my thrill
Cause I know, you'll take your time to hurt me.
(Solo)

Take your time, show us mercy honey, make your kill
Shock me, show me and become my thrill
Cause I know, you'll take your time to hurt me.
Take your time, show us mercy honey, make your kill
Shock me, show me and become my thrill
Cause I know, you'll take your time to hurt me.
Take your time, show us mercy honey, make your kill
Shock me, show me and become my thrill
Cause I know, you'll take your time to hurt me.
Take your time, show us mercy honey, make your kill
Shock me, show me and become my thrill
Cause I know, you'll take your time to hurt me.
