I've paid my dues
And I've had enough
I tried so hard
Never getting anything in return
And I wish, I wish I could change this
What is it that I'm doing wrong
There are so many things that I wanted to say
And I won't stop until you burn it all
Nothing held back, nothing in return
I swear that I won't stop 'till you burn it all

Systematically equipped in your mind
I can't keep fighting to keep this alive
When it's big decisions time
We are the lovers to a party of one
I can't keep fighting, to keep this alive
I can't keep fighting, to keep this alive
I can't keep fighting, to keep this alive
I can't keep fighting this world

There's only so much I can take before
I'll realize this will never happen
Maybe one day you'll see what you're missing
You're missing me

Maybe one day you'll open your eyes
And see just what you've thrown away.
Tossed aside like a piece of trash,
A relic you don't need anymore.

Save me.
Break free.

There's only so much I can take before
I'll realize this will never happen
Maybe one day you'll see what your missing
Your missing me, your missing me

Open the door and let me see your face
I've been around for so long
But I still feel out of place
And it seems like the harder I try

The further I fall
And the longer I sit here
The harder it is to wait for you to call
Open the door and let me see your face
I've been around for so long
But I still feel out of place

I can't keep fighting
I can't keep fighting
I can't keep fighting
I can't keep fighting
No!
I won't fight this anymore.
