Wake up Blondie  
This is your message  
You struck deep what most find hard to reach  
Well god damnit you want me  
But you don't get so involved  
I'll do what's best and slowly dissolve

I'd hold the sun up just to wake beside you  
Imagine what you could see, if you just let yourself like  
me  
Forget the incidents, thoughtless and abusing  
Imagine what you could see, if you just let yourself like  
me

Don't be sorry  
You're less enticing  
You've just lost what most find hard to keep  
I'll take two of the white ones  
Forget what I said last month  
I'll spare myself, the embarrassment

I'd hold the sun up just to wake beside you  
Imagine what you could see, if you just let yourself like  
me  
Forget the incidents, thoughtless and abusing  
Imagine what you could see, if you just let yourself like  
me

Cause I do  
I was foolish to have thought I could catch you  
Stupid to have ever liked you  
And you're sly little smile  
Curved the comforts I used to find  
Drag me inside  
I'm yours to use tonight (I'm yours to use tonight)  
I'm yours to use tonight

I'd hold the sun up just to wake beside you  
Imagine what you would see, if you just let yourself like  
me  
Cause I do

Cause I do  
I was foolish to have thought I could catch you  
Stupid to have ever liked you  
But I do  
But I do
