Pose for me
Revealing every inch of your body
It goes to show your true love tones are so shallow
Stave off the option
This ugly infection
Says to me your anything but desire

Smile for me
Revealing something of and pretty
Your perfect skin can't shake the sight that you're
lacking
Overall it's just the way you are
Underneath your belly hides the scars
Of who you really are

Take me away (take me away)
From skin that won't hum but glows
I'll be ok (I'll be ok)
Don't let them injure you
Further away (further away)
Smile you can't help but show
Somewhere someday (somewhere someday)
Don't let them injure you

Such a shame
But on that day
Your looks began to fade
To be ordinary yet understanding
Ordinary yet understanding
Your skin won't amount to shit when it's deep in the dirt

Wait for me
For I can show you something appealing
Goes against your true love tones but you're hollow
Hold your arms
I will hold her legs
And with that began to cut away
The things that make her oh so pretty
To be just a stump when I'm done with this plot

Take me away (take me away)

From skin that won't hum but glows
I'll be ok (I'll be ok)
Don't let them injure you
Further away (further away)
Smile you can't help but show
Somewhere someday (somewhere someday)
Don't let them injure you

Take me away
From skin that won't hum but glows
I'll be ok (I'll be ok)
Don't let them injure you
Further away (further away)
Smile you can't help but show
Somewhere someday (somewhere someday)
Don't let them injure you
