I think I'd be lying  
if I said I don't enjoy this.  
waking up soaked in sweat  
wondering who you're laying with.  
the sinking center in me  
dips to reach that perfect place  
where we've all been trapped before,  
caught living in the life you missed...

the reason, had to leave,  
held your breath and couldn't see.  
missed the reason, had to leave,  
held your breath and couldn't see.

I hear songs of this cancer coming on.  
I love the sound of your voice breaking off,  
so I sing along until you're gone  
and out of this canvas we paint this song.

I think I'd be lying  
if I said I didn't miss this.  
slipping off the edge of the bed,  
I know I could kiss you better than that.  
one more try, one more goodnight.  
don't pull away so fast.  
10 more seconds is all I ask.  
you missed the reason, had to leave,  
held your breath and couldn't see.  
missed the reason, had to leave,  
held your breath and couldn't see.

I hear songs of this cancer coming on.  
I love the sound of your voice breaking off,  
so I sing along until your gone  
and out of the canvas we paint this song.

one more try, one more goodnight.  
one more try, one more goodnight.  
so bad, this feeling never catches up  
and burnt red are the arms  
of a sunburned boy you love.  
I know what you're all about now,

I know where the engine runs out.  
I know what you're all about now,  
I know where the engine runs out.

so I sing along until your gone,  
sing along until your gone.  
(I think her away)

you're busy fucking everyone [x4]
