So breathless  
the night carves her airwaves out of leaves.  
I am up against  
tattoos of scars and skin

So cold  
So deep  
I'm twenty feet and sinking  
faster than the ship I'm in;  
Useless to jump or swim

I could hold my breath till I blow up  
and make this all seem real.  
No matter how hard I try,  
I cant seem to win  
this stupid game.

I apologize  
for keeping you up.  
Wasting all your time.

So I'm stuck with  
the image you walking me to my car.  
And how nice it felt to be alive in someone's arms.

Last night  
felt like  
the only time that we made sense.  
And every moment after which

Chalk it up...  
to coincidence.

I could hold my breath until I blow up  
and make this all seem real.  
There's nothing like waking up  
after all the sadness  
has been slapped off.  
And its just me and you,  
looking at all these things.

How am I supposed to breath?

Lucky for me  
we were lying down.  
Just from kissing you  
I could of passed right out.
