Did you ever get a feeling you just can't deny  
It happened yesterday when I saw her walk by  
She had that kind of rhythm that drives me insane  
I said hey, hello, how are you do you wanna play

She gave me look and my eyes opened wide  
I knew she was telling me to come up inside  
My hands start sweating & my knees start to shake  
I'm telling no lies it was time to get paid

I gotta gotta gotta gotta tell you  
I wanna wanna wanna wanna want you  
I'm gonna gonna gonna gonna get you  
Let's go

I'm going down down down down  
I'm going down down down down  
I'm going down down down down  
I don't know when I'm coming up  
Can't hesitate to get it straight no time to waste.

She came around set down right next to me  
Whispered in my ear said something so sweet  
I thought to myself I got nothing to lose  
So I took the opportunity and made my best move

The way she was kissing I had to get more  
But I was Woken from this dream  
By a scream at the door  
It was her boy friend Ma Ma what a face  
So I went out the back way to make my escape
