Run,
Run as fast as you can,
They'll never catch you,
I don't even think they'll try,
Home,
You've got to make it home,
We'll be waiting for you,
Just promise me you'll try...
The sky is falling, without warning,
We are lost and we're still searching
Sky is falling, without warning,
It's only pain love, and you must remember,
It's only pain love, and you'll make it home.
Stay,
Never stay the same, and they'll never change you,
They couldn't touch you if they tried...
Home,
You've got to make it, got to make it home...
It's only pain love, and you must remember,
It's only pain love, and you'll make it home.
Pain,
Love,
Never forget where you're from,
Pain love and you'll make it home...
Web, oh what a web.....
