It's been too many hours and too many days
Since you ran away 'cause I've been, I've been waiting
For so many hours, and too many days, since you ran
away
'Cause I've been, I've been waiting

Remember when you ran away,
I just wanted to get you back
I feel like all my memories I've gone away
So now I put my feelings on the track
Maybe it wasn't love it was practice
You wasn't... and tell me to relax
And every time I saw you at the bad flips
Now you're gone you... to see me
Visa in your faxes, visa in what you...
I'm tryin to be the bigger person focus on my action
Rappers getting the... happy I was fantastic
Cooler ends in me and cause I see... the gap is

I can't see one one, baby yeah I can't see you
I'll never make the same mistakes again
Baby your love from what I...

'Cause I've been waiting for your love, love
Your love, love

There was a time I knew the sky was gray
But now I'm seeing through the fog

'Cause when you left you took my heart away
But now that feeling's wearing off,
No longer blind, so who you tie ticks
I'm... my journey up to the top
I know you... I'm taking another actress,
'Cause when I see...

And I'm never cooling off and said never ever I fross

It was a time that people could located 'cause I was
lost,
Rappers getting the... happy it was fantastic
Who the ends in me and I'll...

Chorus:

It's been too many hours and too many days
Since you ran away 'cause I've been, I've been waiting
For so many hours, and too many days, since you ran
away
'Cause I've been waiting for your love, love
Your love, love

There was a time in my mind now I foot no
But the good every play should
You are my one and only but left me lonely
Baby would you escape to
Forget that I've learned to accept it
I'm looking at a run new day
All... all I see is sunshine
All I'm seeking is sometimes
